PROBLEM STATEMENT

The Township of Muskoka Lakes has initiated a Municipal Class Environmental Assessment to consider options and to identify a preferred solution to address the deficiencies of the Bala Falls Road Bridge as they relate to safety, structural condition, performance, asset management, hydraulic capacity and design standards.

Please list below any comments or specific concerns you have with any and/or all of the alternatives (ie. what do you like or dislike about each of the alternatives). Comments provided will be considered in the assessment of the noted alternatives.

Do you wish to continue to be informed of the process of the studies? Yes No

Please drop this comment sheet in the box provided or return it to either of the following addresses via e-mail by **December 4, 2020**:
